Budget Presentation:

Commissioner Mike Smith explained the 2022-23 Road District Budget was significantly higher than last year because he allocated more funds for road improvements and the price of all materials have gone up significantly over last year. He also explained that he raised his payroll numbers because he has been shorthanded one full-time person since he took office and trying to get applicants to fill the position has been difficult. Trustee Herlitz asked why the line item for "Maintenance Supplies" was projected \$120,000 over last year. Smith said that line item is for stone, and he will be buying more stone this year because he has more "tar & chip" road work scheduled for this year and prices are higher. Smith said it costs approximately \$25,000 to tar and chip one mile of road.
